## ***Disaster Assistance Available for Small Businesses***

**Sacramento, CA** - Small, non-farm businesses in the following Arkansas counties (plus neighboring counties in Oklahoma and Texas) may now apply for low-interest disaster loans from the U. S. Small Business Administration (SBA). These disaster loans offset economic losses because of reduced revenues to farmers and ranchers caused by adverse weather conditions in various areas of the state, announced Alfred E. Judd, Director of SBA's Disaster Field Operations Center - West.

Small businesses in the following primary and neighboring counties may apply for working capital loans to offset economic losses that are attributable to the impact of the following weather conditions and incident dates in each disaster:

<b>EIDL</b>	<b>Primary Counties</b>	<b>Neighboring Counties</b>	<b>Incident Type</b>	<b>Incident Date</b>	<b>Deadline</b>
10543	Jefferson	Arkansas, Cleveland, Grant, Lincoln, Lonoke & Pulaski	Excessive Rainfall, High Winds, Tornadoes & Lightning	05/10/06	03/13/07
10544	Little River	Hempstead, Howard, Miller & Sevier, the Oklahoma county of McCurtain and the Texas county of Bowie	Excessive Thunderstorms, Rainfall, High Winds, Hail & Lightning	05/04/06	03/13/07

Small businesses may qualify for Economic Injury Disaster Loans (EIDLs) of up to \$1.5 million to help meet financial obligations and operating expenses which could have been met had the disaster not occurred. "Eligibility for these loans is based on the financial impact of the disaster only and not on any actual property damage. These loans have an interest rate of 4%, a maximum term of 30 years, and are restricted to small businesses without the financial ability to offset the adverse impact without hardship," Judd said.

By law, SBA makes EIDLs available when the U. S. Secretary of Agriculture designates an agricultural disaster. Secretary Mike Johanns declared these disasters at the request of Governor Mike Huckabee.

Businesses primarily engaged in farming or ranching are not eligible for SBA disaster assistance. Agricultural enterprises should contact the Farm Services Agency (FSA) about the U. S. Department of Agriculture (USDA) assistance made available by the Secretary's declaration.
